The labor reimbursement amount shall be in accordance with the Warranty Labor Allowances as shown below. All labor reimbursement requests must be submitted to Bosch Thermotechnology Corp. ("Bosch") on the Warranty Labor Allowance Form provided. Proof of start-up may be required. Expedited freight charges for replacement parts are not covered under this program.

1. Labor requests must be submitted directly to Bosch as detailed below within 90 days from the date the work was performed.
2. Labor allowances shown below are maximum allowable amounts.
3. Labor claims for multiple locations or incidents must be filed separately.
4. Labor reimbursement does not cover the following:
 - a. Travel to and/or from the installation site
 - b. Serviceable items and normal maintenance as required per the Installation Manual
 - c. Costs associated with the acquisition of replacement parts
 - d. Cost associated to gain access for repair
 - e. Excessive costs incurred for diagnostics. It is assumed and required that the serving contractor be familiar with the service, operation and maintenance of BTC products

Failure to follow proper filing procedures does not extend the allowance grace period beyond 90 days from the date of the repair. If the Allowance Form is not filed directly with Bosch strictly in accordance to the following procedure and within 90 days from the date of the repair, all charges will be denied with no further consideration.
